Frequently Asked Questions:

How long would it take to serve 100 guests?

All our vans are high output vans able to serve an ice cream every 5 seconds, that's 12 people a minute! We can easily serve 100 guests on a prepaid basis in under 30minutes! However, we would normally recommend an hour window to ensure everyone is served and if at the end of this service time we have not served everyone we will happily continue serving until everyone is catered for

Do you cater for Vegans, Dairy Free and other Allergens?

Yes, we have the vegan magnum on board all our vans as well as a range of ice lollies, our ice cream is gluten free if served in a tub / sundae and all our sauces are gluten free and suitable for vegans too

Can we have Photos with the Van?

Of course, we are happy to arrange for you to have photos with the van

What if we have extra guests then paid / quoted for?

Each unit will have enough stock to easily cater for additional guests if the needs arrived at the pre quoted cost per a unit. Just let the driver know on the day and we can take payment via card or cash at the end of service

How do you keep count of servings?

We will use a click counter or similar to count the servings or alternatively we can take a voucher / token from each guest in exchange for the ice-cream. Please let us know what you would prefer

What is your cancellation policy?

We are very flexible on dates and offer a free change of date option, no matter the reason. As long as it is 24hrs before the booked in date & time of the event. If you do not let us know in the period stated above we will not be able to offer a free change of date. A slight surcharge may be incurred if you are 100% adamant on changing to a different date. We will not under any circumstances offer a refund for any reason, unless it's due to an error caused by Sir Whippy Ltd
